

# RemoteShip360™

## *Insight Without Attendance*

---

A remote-first advisory suite combining decades of maritime engineering & management with digital precision. Designed for ship owners, managers, charterers and financiers seeking performance, compliance & value — without physical attendance.

### **Why RemoteShip360™**

Designed for real-world maritime constraints: travel limitations, need for speed, and budget control. RemoteShip360™ delivers independent, outcome-focused insight you can act on immediately.

#### **Key Advantages:**

- Effective Human-Interfaced AI — Human expertise augmented by practical AI tools for analysis and reporting.
- Performance & Cost Optimisation — Lifecycle maintenance, dry-dock planning, and voyage efficiency reviews.
- Compliance & Assurance — ISM / PSC readiness, ESG and cyber oversight reducing detention and audit risks.

#### **Modules at a Glance**

- RemoteShip Audit™ — ISM / PSC readiness review and SMS gap analysis with action plan.
- ValueCheck™ — Pre-purchase technical & valuation report combining market and replacement-cost insights.
- FleetPulse™ — Monthly performance & maintenance advisory with KPI tracking and exception-based guidance.
- SmartDock™ — Dry-dock scope validation, budgeting and risk matrix to prevent overruns.
- RecyValue™ — End-of-life recycling strategy and value recovery compliant with green norms.
- Custom Bundle — Combine modules with crew/manager benchmarking or voyage optimisation as needed.

## Pricing

Transparent, fixed-fee engagements. Convert to monthly retainers as your needs evolve.

Bronze — Single Module (USD 500–800)

- - Fixed scope & deliverables
- - Remote evidence review
- - Actionable summary report

Silver — Two Modules + Review (USD 1,200–1,800)

- - Deeper analysis & benchmarking
- - Management review session
- - Prioritised action roadmap

Gold — Full Suite + Retainer (USD 2,000–3,000 / mo)

- - FleetPulse™ monthly dashboard
- - On-call advisory support
- - Quarterly strategy review

## Value Chain: From Challenge to Impact

Input — Owner/Manager challenges, constraints, budgets, timelines.

Process — Data collection • Remote review • Advisory report • Online consultation.

Output — Improved performance • Compliance readiness • Asset value growth.

## Contact

Book a complimentary 30-minute scoping call.

We'll map your priorities and define a fixed-fee plan.
